What's YOUR Social Security Strategy?

Presented by:

Daniel P. Batty
CFP®, ChFC®, CFBS, CFS®, CLTC

Michael Skiff
CFP®, ChFC®

“What's YOUR Social Security Strategy?” walks you through common, but surprisingly complex situations including:

- How to choose between the hundreds of possible claiming strategies to give your Social Security check a government-guaranteed boost
- How benefits for one spouse are affected based on when and how the other spouse files
- How being married, divorced or widowed impacts your benefits

This presentation will educate you on the many decisions involved in claiming Social Security, as well as their consequences, and provide strategies to maximize your benefits received.

REGISTER NOW! for our upcoming seminars. Information online at cclifelearn.org or call 610-692-1964

2023 INCOME & ESTATE TAX Survival Class

Popular Class
REGISTER EARLY!

In our revamped and interactive class, learn how some little known strategies may be able to save you thousands in unnecessary income taxes and costs. With even newer content and engaging interactive activities, and taught from both a legal and financial perspective, you will understand taxes better, and walk away with a checklist of items you either already have accomplished (so you feel great) or know what you need to do to get them done! **Perfect for retirees or folks nearing retirement.**

Here are a few items you'll discover:

- New tax proposals that could drastically change how your income and assets are taxed (and what you can do about it)
- 3 important things your Trust or Will doesn't cover that could cost you or your heirs dearly
- How you can save on taxes by deducting charitable contributions without even itemizing...and much more!

Investment Basics and Asset Allocation

Join us for a Financial IQ financial education class

An informative financial educational session that covers critical aspects of your finances. Our goal is to provide you with knowledge and insight so you can make informed decisions about your finances and your financial well-being.

Investment Basics

Planning for your financial future may mean investing for the long term, and basic knowledge is critical in helping you determine the right course. This session will help you: understand basic investing strategies, consider various investment options, and recognize inherent risks and benefits.

Asset Allocation

Recall the adage, "don't put all your eggs in one basket." The same concept applies to how you allocate your assets. This session will help you: understand different investment classes, balance risk versus reward and consider different allocations at different points in your life.

There is nothing you have to do to prepare for this session. We'll have everything you'll need.
