# GOT SNEAKERS?

Spread the word and start collecting from your friends, co-workers and family.

## Did You Know?

An estimated 600 million pair of shoes go into America's landfills every year! 100% of these shoes can be recycled and the majority of these shoes can still be reused.

We are partnering with "Got Sneakers" to do a sneaker collection that brings two major benefits:

- 1.) Protect the environment from the toxic chemicals that sneakers in the landfill emit over time
- 2.) Help impoverished nations by distributing recycled sneakers

**CCLL is collecting your old sneakers to be recycled and given to the needy. Please bring your unwanted shoes (sneakers only) to Stetson, Peirce or Downtown during your class meeting times. Collection bins will be set up the entire semester.**
